

FROM THE PASTOR'S PRINTER

I've Been Scammed or Hacked or Whatever You Call It!

This week I received several calls asking if someone got into my email account because they received a request from my account asking them to contribute to me collecting

\$300 in iTunes gift cards. I don't even know how to use iTunes! I **did not** make this request. (Now, if they were restaurant cards, that's another story.)

SJB PARISH AND SCHOOL POLICY REGARDING REQUESTS FOR MONEY VIA EMAIL

The parish and school staff will not solicit funds or financial information by email in which they ask you to click REPLY or click a link (web page or email address) within the email. If you receive a request from anyone with the domain **stjb.net** or **sjbharrison.org**, please contact the person or the parish at 513-367-9086. When In doubt, call the parish or staff member.

Why Are the Windows Still in Church?

You may be asking this question since I originally announced that they would be removed for restoration for the new church in May or June. Because of the delay of the completion of our church until (hopefully) March. The stained-glass company is delaying

the removal of them until fall, since once they are completed, they will have to be stored. (The stained glass is one of the last things to be installed. The clear protective windows will be installed much earlier.) I doubt anyone is sorry about the removal's delay.

From Bethlehem to Harrison: Déjà Vu All Over Again

CNS – For the Mother of God, it seems like she is back in Bethlehem without a place to stay. For the new St. John the Baptist Church in Harrison, someone has generously donated a statue of her, but another someone has not yet stepped forward to purchase the shrine where she will reside. Mary is quoted as saying, "I have looked all over for something I can afford. I don't need plumbing or AC; just a place with a pedestal and candle stands. I could find nothing on Zillow in my price range since being a saint disqualifies me for FHA loans."

Description of the Shrine

A recessed arch frames the shrine with stone and wood trim. The statue rests on a granite base with wood trim. To each side are wood trimmed ledges for votive candles.

*Are you the one who can provide the shrine
(or even part of it) for the Mother of God?*
